Stretch Film Price Increase: Effective September 23, 2016

To Our Valued Customers,

Our resin suppliers have informed us of their intentions to implement a resin price increase effective September 1st. Improving global and domestic demand, along with rising costs are currently supporting this increase.

If the above increase is in fact implemented, then Wrap Tite will implement a 6% increase for all stretch film products, effective on all orders received on or after September 23, 2016. All orders must call for immediate delivery.

It is very important to take note that orders may be limited based on your average monthly shipments over the last 6 months. Wrap Tite reserves the right to accept or decline orders for any reason.

Thank you for your continued support.
Sincerely,

Sunil Daga
President, Wrap Tite Inc.
