Stretch Film Price Increase: Effective April 11, 2016

To Our Valued Customers,

We have been advised by our raw material resin producers that they intend to implement a resin increase effective March 1, 2016. Due to this pending increase, we must increase the pricing on all stretch film products.

There will be a 5% increase for all stretch film products, effective on all orders received on or after April 11, 2016. All orders must call for immediate delivery.

It is very important to take note that orders may be limited based on your average monthly shipments over the last 6 months. Wrap Tite reserves the right to accept or decline orders for any reason.

Thank you for your continued support.

Sincerely,

Sunil Daga

President, Wrap Tite Inc.
