September 21, 2017

Dear Valued Customer,

Due to the disruptions in the raw material supply chain caused by Hurricane Harvey, resin suppliers are implementing a second price increase.

In response, Wrap Tite will implement an increase of 6% effective on all new orders placed on or after October 16th. This increase is in addition to our previously announced 4% increase implemented September 5th.

All orders call for immediate delivery. Based on resin availability and lead times we can only accept a limited number of new orders. Wrap Tite reserves the right to accept or decline all orders for any reason.

We understand how difficult these last few weeks have been and we appreciate your understanding and patience as we work through the supply issues that Hurricane Harvey has caused to our business. Please contact your representative if you have any questions.

Sincerely,

Sunil Daga

President
