October 13, 2017

Dear Valued Customer,

Our resin suppliers have a 3rd "Hurricane Harvey" related resin increase set to be implemented on October 15th. The continued outages from Harvey will likely affect the industry's supply through the end of the year so this resin increase is likely to take hold.

In response to these increases, Wrap Tite will implement an increase of 4% effective with all new orders placed on or after **November 13th. This increase is in addition to our previously announced 4% and 6% increase.**

All orders must call for immediate delivery. Based on current lead-times and resin availability, we can only accept a limited number of new orders. Wrap Tite reserves the right to accept or decline all orders for any reason.

We appreciate your understanding and patience during this time. If you have any questions, please feel free to contact your representative.

Sincerely,

Sunil Daga

President
