**August 18, 2020**

**Dear Valued Customer,**

Our resin suppliers have previously announced increase nominated for August 1st. and a leading producer has sent another increase letter for Sep. 1st.

These increases are in addition to previously implemented resin increases in June and July. Continued supply tightness, and strong domestic and overseas demand for plastic products are the stated reasons for these increases.

**In response to this August 1st resin increase, Wraptite will implement an increase of 6% effective August 31, 2020 on all new order.**

**All orders must call for immediate delivery. Based on current lead-times and resin availability, we can only accept limited number of new orders based on past purchases. Wraptite reserves the right to accept or decline all orders for any reason.**

**You may reduce your costs by taking advantage of discount codes- by placing on-line orders and/or transitioning to "Shield Max" ultra hi-performance hand film (SPM) and Ultra hi performance machine film (HPMF) machine films to down gauge and replace 70 ga and thicker conventional film.**

**Please visit us at [www.wraptite.com](http://www.wraptite.com) or reach out to your sales rep for any question that you may have on the above.**

WE appreciate your business and look forward to working with you.

Any questions, please reach out to your sales rep.

**Sincerely,  
WT Management**
